THE DIRECT REPORT

June 2023

The Staff at Direct Steel and Construction is eager to provide value engineered recommendations and our vast experience to each of your projects as a Construction Solutions Provider.

TOOLBOX TALKS

Toolbox Talks are the easiest way to ensure that everyone on your jobsite is taught to recognize and avoid unsafe conditions in their work environment. They also help stay compliant to OSHA standards.

Toolbox Talks occur at the jobsite before the start of a shift. They are short, concise meetings to reinforce safety training and convey information on a safety topic.

Toolbox Talks are meant to:

- Warrant that workers are ready to do their jobs safely.
- Show what you expect from your workers.
- Genuinely influence worker performance.

Direct Steel and Construction is always committed to safety on all projects.

Visit the [Project Portfolio](#) page of our website. Creating a building that meets all your needs is the goal of Direct Steel and Construction.

COMPANY NEWS

Direct Steel is proud to have been recognized as the **Top Performer in the Nation** by a major reputable Pre-Engineered Metal Building Manufacturer.

Direct Steel and Construction is a Construction Solutions Provider and has delivered great experiences for industrial, commercial, and government clients.

Our team provides services which facilitate optimal end results including Strategic Facility Planning, Facility Assessment, Budgeting, Estimating, and Project Management throughout construction.

Clients benefit from cost effective, aesthetically pleasing, energy efficient and environmentally sound buildings that facilitate a relationship among people, technology and space.

General Contractor

As a General Contractor, we work in cooperation with architects, designers, and end users in order to integrate the optimal technology into well-designed new buildings, additions, repairs, and remodeling.

Construction Management

As Construction Managers we provide budget analysis, facilitation of permit applications, preliminary scheduling, securing competitive trade contractor bids, clarification of scope, and we maintain and monitor oversight through final construction.

Owner's Representative

We proudly represent businesses as they seek to build or expand. We look at the customer's design idea and align with constructability and budget in addition to other considerations. (ie. entitlement, incentives, etc.)

Visit our website at www.DirectSteelLLC.com for more information.

Direct Steel is an Authorized [Varco Pruden](#) Builder.

Creating a building that meets all of your needs is the goal of Direct Steel and Construction.
